

# NEW EMPLOYMENT TRANSITIONS

## NET: New Employment Transitions

New Employment Transitions (NET) is a new program that serves as a One Stop provider of employment services for residents of Cuyahoga County who are or have been involved in the criminal justice system.

The NET program is a partnership between Oriana House's North Star Neighborhood Reentry Resource Center (NRRC) and Towards Employment, Inc.

NET offers varying levels of assistance with a job search, based on an individual's need. Assessment tools are used to determine the types of support that are needed to obtain gainful employment. Individuals in the NET program complete a Career Priorities Profile which is used to cross reference their interests, experience, and skills with the requirements of particular jobs/industries as well as any relevant restrictions.

NET services and resources include computer and Internet access, individualized counseling, Job Search Booster workshops, Job Search/Job Placement support, GED and technical training, and other employment-related resources.

North Star NRRC will serve as the site for all NET orientations, which include information on the full array of services available at North Star and Towards Employment. Referrals for intensive services/training will be made to Towards Employment as needed.
